

# INCIDENT RESPONSE

## READINESS CHECKLIST

IS YOUR BUSINESS PREPARED FOR A CYBERATTACK?

### CRITICAL QUESTIONS EVERY BUSINESS MUST ANSWER

If your business experienced a cyberattack tomorrow, could your team confidently answer these questions?

	YES	NO
<b>1</b> Do we have a documented incident response plan?	<input type="checkbox"/>	<input type="checkbox"/>
<b>2</b> Who is responsible for leading the response?	<input type="checkbox"/>	<input type="checkbox"/>
<b>3</b> Have we tested our backups and recovery timelines recently?	<input type="checkbox"/>	<input type="checkbox"/>
<b>4</b> Do employees know how to report suspicious activity?	<input type="checkbox"/>	<input type="checkbox"/>
<b>5</b> Are critical business systems clearly prioritized?	<input type="checkbox"/>	<input type="checkbox"/>
<b>6</b> Do we know when to contact insurance, legal, or vendors?	<input type="checkbox"/>	<input type="checkbox"/>
<b>7</b> Have we conducted a tabletop exercise within the last year?	<input type="checkbox"/>	<input type="checkbox"/>

### DON'T WAIT FOR A CRISIS

The time to prepare is now. Every 'NO' on this checklist is a vulnerability that could cost your business time, money, and reputation.

CMIT Solutions specializes in incident response planning, backup testing, and cybersecurity readiness. Let us help you turn every answer into a confident 'YES'.
